HUDDLESTON FOR DISTRICT CLERK

FORMER LEGISLATOR ASKS FOR
CONSIDERATION AT HANDS OF
VOTERS OF PONTOTOC
COUNTY.

Ada, Okla., Feb. 14, 1912.

Editor Ada News:

Please announce through your paper to the voters of Pontotoc county that I am a candidate for the position of District Clerk of the District Court of Pontotoc County subject to the action of the democratic primary August 5.

I agree, if elected, to do all the work of the office without the services of a deputy except during the time when District Court is in session which will save the taxpayers of Pontotoc county \$600 per year.

Respectfully,
FRANK HUDDLESTON.

THREE FIGHTS SCHEDULED
FOR CARL MORRIS

New York, Feb. 13.—The Empire Athletic Club of this city has signed contracts with Carl Morris, the Oklahoma white hope, for three bouts to take place during the next month. Morris' first opponent will be Tony Ross of New Castle, the second Tom Kennedy and the third Bombardier Wells, champion of England. Wells will sail for America on March 3.

With Morris' time taken up by these three matches there is very little likelihood of a bout between Morris and Al Palzer, which Palzer's friends had hoped to stage in California.

Morris has made good from the time he landed in the east. He got a bad start in taking a beating at the hands of Flynn. He has had four fights since that time in all of which he grabbed the pugilistic cookies.

OUTCOME STILL VERY UNCERTAIN

NEITHER CLARK OR WILSON FOL-
LOWERS WILL ADMIT
DEFEAT.

Oklahoma City, Ok., Feb. 13.—Robert Galbreath of Tulsa, who defeated Tate Brady in Tulsa county for democratic national committeeman, opened headquarters today in the Skirvin hotel to remain until after the state convention next week.

Reports coming to his headquarters indicate that Galbreath is far in the lead both in instructions and friendly delegations. According to local belief Brady's withdrawal from the race is expected, and the statement is, his support will be thrown to John B. Doolin, state game and fish warden.

Doolin has the support of the state administration. Gov. Cruce in a statement made some time ago declared himself for Doolin, who managed his first campaign for governor five years ago. Members of the state board of agriculture will oppose Doolin, growing out of the contest of last summer when Brewer and Elliott were re-elected members of the board over Doolin's opposition.

As it stands, however, Galbreath's friends assert that he has sufficient strength to justify his election on the first ballot.

The Wilson people did not revise their statement of last night, but still claim that Wilson has 350 delegates to the county conventions as against 210 votes combined for Clark and Harmon.

Secretary Sorrels of the Wilson organization has a letter from Madill showing that Marshall county is for Wilson, the previous reports having indicated a divided delegation.

Both Clark and Wilson workers have been in communication with practically all of the counties. There was no formal statement issued by the Wilson forces, but it is generally admitted by some of them that the uninstructed delegations hold the balance of power. This was also admitted by the Clark people.

Senator Gore left town today for points in the state, and if he is correctly quoted, he is hoping for an uninstructed delegation from the state convention. Other Wilson people declare that Wilson will receive instructions.

The Harmon people claim 150 delegates in the state who are favorable to their candidate, if not for first place, then for second. None of this vote will go to Wilson.

Judge R. L. Williams, one of the Clark leaders, issued the following statement tonight:

"I have communicated by wire and otherwise, with people in nearly every county in the state, and I think that it can be said that the state is reasonably safe for Champ Clark. There will be a great many uninstructed delegations in the state convention and such delegates will probably hold the balance of power, but the great majority of delegates that come to this convention are real democrats, and when you send such democrats uninstructed to a state convention, they can be relied upon to do the best thing for the democratic party.

"It was conceded by Senator Gore in his Oklahoma City speech that but for the Missouri situation Champ Clark would have been the most available man in the race for president. The Missouri trouble has now been eliminated. Gov. Folk has withdrawn and declared that he will support Clark, and under the theory, unless Senator Gore has seen a new light, even from his standpoint Clark is the most available man, and I do not see how any uninstructed delegate can fail to give his support, under the present light, to Champ Clark. I have seen a list of the counties claimed by the Wilson men. I have communicated with parties residing in such counties, upon whose judgment I have a right to rely, and am sure that the Wilson followers have made a great many mistakes in their claims of strength for their candidate.

"I urge the friends of Champ Clark over this state to be vigilant. Don't let them stampede you by making false claims and false charges. Champ Clark

A. L. MILES FOR COUNTY CLERK

PROMISES RIGID ECONOMY AND
CLOSE ATTENTION TO DUT-
IES, IF ELECTED.

To the Voters of Pontotoc County:
In presenting myself as a candidate for the office of County Clerk, I feel that it is only justice to you as well as myself to give a brief statement of my position and the manner in which I shall conduct the office, should you by your votes decide that I shall fill it.

I feel that my office and business experience has been extensive and long enough to give me a clear grasp of the duties of the office of county clerk. I feel that I can fill this office as well as any other man in the county, and that I can give the people as good and efficient service as any other man could possibly do.

If elected, it shall be my purpose to make the office cost the taxpayers as little as possible. It is my idea that an officer should give his personal attention to every detail, and I promise that if I am chosen to fill this position, that I will devote my entire time to the office without the aid of an assistant at the expense of the taxpayers unless work would accumulate that one man could not do it. Economy and efficiency will be my watchwords, and on these promises I am asking for your support.

Sincerely Yours,
A. L. MILES.

NEGRO TRIED TO SHIP ARMS TO OKLAHOMA

Durant, Okla., Feb. 13.—The people of southeast Oklahoma are thoroughly aroused over the confiscation by Constable William Hughes of Denison Tex., of a box of arms and ammunition at Carpenter's Bluff, eight miles east of Denison, which was to have been shipped into Oklahoma by a negro.

The quantity of arms seized was sufficient to have equipped a small South American revolutionary army. In the outfit were nine winchesters, three target rifles, one U. S. army rifle six shotguns, one Cuban machete, several hundred rounds of ammunition and several long, keen-edged butcher knives.

The articles were backed in a box and left in the M. O. & G. freight depot at Carpenter by a negro who stated that he intended shipping them to Oklahoma, but upon being informed that he would have to pay the charges in advance, he left the box and said he would return with the money.

In the meantime the officers were notified and upon reaching Carpenter's Bluff learned that the negro had become frightened and crossed Red river into the bottoms on the Oklahoma side. The authorities still retain the arms, but the negro has not returned.

In this part of the state it is believed that the incident may be regarded as indicative of secret organization among the blacks in preparation for a possible race war.

Masonic Grand Lodge in Session.

McAlester, Okla., Feb. 13.—The fourth annual communication of the most worshipful grand lodge Ancient Free and Accepted Masons of Oklahoma will convene in the Masonic temple at 10 o'clock here Wednesday morning. All of the grand officers, ten past grand masters and a majority of the 1,500 delegates have already arrived. The master's degree will be put on by the grand lodge Wednesday evening. Officers for the ensuing year will be elected Thursday.

W. L. NORTON ON TRIAL IN FEDERAL COURT

Muskogee, Okla., Feb. 13.—That W. L. Norton, formerly president of the American National bank at Bartlesville, lost \$27,000 of his bank's money through speculation, is the charge made by attorneys for the government in opening their case against Norton, who is on trial in the federal court here.

The specific charges against Norton are misapplication of the bank's funds, wilful abstraction of the funds of the bank for the purpose of defrauding it, making false entries on the bank's books and returning false reports.

The jury list was completed and the trial began Tuesday morning. A motion by Norton's attorneys that he be tried on each separate count, of which there are eleven, was overruled and the cases have been consolidated.

D. F. Haff of Kansas City, one of Norton's attorneys, declared that he would prove that the bank never lost a dollar by reason of Norton's actions and that instead of losing money for the bank, he had made money for it. He hinted at an "unseen hand" behind the prosecution of his client. Norton is being defended by some of the best known lawyers in the state, and many visiting attorneys are here to follow the proceedings.

WHITE MEN OBJECT TO BEING HANGED WITH NEGRO

Chicago, Ill., Feb. 13.—Four white men, alleged murderers, condemned to be hanged here Friday, demand a Jim Crow gallows for a negro who also is to pay the penalty of the law for murder. Every one of the white men objects to the forfeit of his life on a scaffold that holds the death drop of a black man.

The negro is Thomas Jennings, convicted on "finger print" evidence of killing Clarence Hiller, a railroad freight clerk. The white men are Ewald and Frank Shilbawski, Philip Soemmerling and Thomas Schultz, found guilty of murdering Fred Guelzow, a truck farmer.

A scaffold has been arranged so that three men may be hanged at a time. This means either two white men will die simultaneously with the negro. The condemned men are fighting for precedence in the execution and against a final hour association with a negro.

Double guard was placed today upon the five prisoners. Practically all hope of executive or judicial intervention has been abandoned by the men, although their cases will be considered again by the State Pardon Board tomorrow.

With only four more days apparently to live the men spent the greater part of today visiting with friends and joking among themselves. Through the jesting, however, worry was evident. They were hoping against hope that their sentences will be commuted.

The old saying that the world loves a lover is perhaps true enough in that he wins out, but the poor devil who loses is considered a drone and laggard. No sympathy for him.

It begins to look as if the fight between Galbreath and Brady for national committeeman, is to make more of a noise at the state convention than the presidential scrap. Both men are claiming the victory, with the odds seemingly in favor of Galbreath.

The reason more editors do not make a success as politicians and office seekers is found in the fact that they are too busy building up the fortunes of their aspiring friends and in tearing down the fences of their friends' enemies to think much about their own interests.

A bill has been introduced in Congress to establish free mail delivery service in all towns of 1,000 and over, no matter what the revenues of the postoffice are. The advocates of the bill argue that since the rural population is largely served by carrier and the larger cities enjoy free delivery, they also should come in for a share of the benefits.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

Will Drill for Oil Near Coalgate.

Coalgate, Oklahoma, Feb. 12.—The Bankers Oil and Gas company of Coalgate and Muskogee, has received its drilling machinery and installing it on their holdings, southeast of this city and expect to begin operations within a few days. The Bankers company owns a large tract of land in the vicinity where the prospecting is being done and has ample capital stock back of it to thoroughly exploit the field and the officers and stockholders are sanguine of success.

In addition to the Bankers, the Clarion-Brockville Gas and Oil company, the Texas Pacific Oil and Gas company and the Panhandle Oil and Gas company have secured a large number of leases in this field, and announce that they will begin boring in a few weeks. The section of the country to be prospected is pronounced to be in the probable gas field, by the director of the Oklahoma geological survey.

A. L. MILES ENTERS RACE FOR COUNTY CLERK

In another column will be found the announcement of A. L. Miles who offers himself as a candidate for county clerk, subject to the action of the democratic primary. In his letter to the voters Mr. Miles gives his ideas of how the office should be managed, and as he is a most competent man for the position, there is no doubt about his making good, if he is chosen to fill this office. As under-sheriff he has discharged his duties faithfully and well, and he asks all voters to make a careful examination of his record before casting their ballots.

ANSWER IT HONESTLY

Are the Statements of Ada Citizens Not More Reliable Than Those of Utter Reliance?

This is a vital question. It is fraught with interest to Ada. It permits of only one answer. It can not be evaded or ignored. An Ada citizen speaks here. Speaks for the welfare of Ada. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best.

Oklahoma City, Ok., Feb. 13.—Friends of former Gov. C. N. Haskell, who recently announced for the United States senate against R. L. Owen will endeavor to have resolutions adopted in county conventions next Saturday endorsing his candidacy. This statement was made following a visit of the former Governor to Oklahoma City last Sunday.

About forty counties are said to be on the list for the resolutions. Oklahoma County Democrats will not have the resolution before them, for the reason it might bring about a division over the choice for president. Owen's friends served notice that the resolution could not go through without a contest. State Chairman Branson was also here from Muskogee Sunday. There has been no change in the presidential preference as indicated by the mass conventions held in precincts throughout the state Saturday and the leaders insist that anything approximating the actual status can not be determined until after the county conventions next Saturday. Clark people are claiming the state by a fair majority based upon the personnel of the delegations to county conventions, although three-fourths of the precincts failed to give instructions. It is predicted that the county conventions might likewise, but that a Clark indorsement will go through at the state convention. Willson people are also claiming the state and announce they will be able to prevent an instruction on February 22. The Harmon folk claim 150 delegates in the various counties and that they will oppose Wilson, in view of the speech made by United States Senator Gore here last Friday night.

"A Niagara Honeymoon"

BY THE THANHOUSER CO.—RELEASED JAN. 19.

A great poet, who knew, once said: "Heavy are the feet that climb another's stairs." There's a young widow pictured on this film who was forced to live with relatives; and very effectively it is shown how rich relatives can make it unpleasant for poor kin, who are dependent upon them. The scenes in this picture include Niagara Falls and the Delaware River, near Port Jervis. If like something good, see this!

but only one quality the best—do we offer coal. The coal that lasts the longest, gives out the most heat, and leaves the least amount of ashes is the cheapest in the end and this is just the description of coal which we have for sale.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we feed it for our boilers, so be sure and get our prices before you buy.

Mrs. W. H. Horton Passes Away.

This morning at 12:05 Mrs. W. H. Horton died of meningitis. The funeral services were held this afternoon at Rosedale cemetery by Rev. C. Stubblefield and C. L. Brooks.

Deceased was the wife of W. H. Horton, who moved from Leland, Mississippi to Ada about a month ago. She is survived by five children, whose ages range from nine to two years. Coming at this time, the death of the mother is an awful blow to the family. Friends have done what they could to show their sympathy, but there is little that can be done in a case of this kind to soften the severity of the shock, for the loss of a mother cannot in any way be repaired. The News extends its sympathy to the bereaved family.

COTTON RECEIPTS ABOVE 12,500

Cotton receipts have passed the high water mark set for it at the beginning of the season by the most sanguine prophets, standing today considerably above the 12,500 mark. The county weigher has handled 10,938 bales, the round bale gin has turned out 2,728, equal to 1,364 square bales. A total of 12,302 bales. To this should be added about 400 bales shipped by the gins, making a grand total of about 12,700 for the season. This is the largest crop marketed at Ada since 1904.

CADE WANTS NOMINATION FOR GOVERNOR OF OKLAHOMA

Guthrie, Ok., Feb. 14.—Cash Cade of Shawnee, the retiring republican national committeeman, announced to friends here last night that he would become a candidate for the nomination for governor two years hence. He went from Guthrie to El Paso and said he would probably make his official announcement from that city. He has been national committeeman eight years, being promoted from state chairman.

Preparing for Cold Storage.

W. A. Bennet, manager of the T. D. Turner Produce Co., is in Ada today conferring with B. H. Frick concerning the renting of cold storage rooms for the produce business at Ada. All Mr. Bennett asks is to be assured by the Ada merchants that everything being equal, they will buy enough of their produce from his firm to justify his putting in cold storage. In case the firm does this, Ada will always be in a position to secure fresh vegetables and fruits, and also in reach of a market for the fruit and produce raised here. The Turner company is the largest south of St. Louis, handling about 1,600 cars per annum. In building up a wholesale center at Ada, the town should encourage this firm to maintain its branch house here.

MRS. BELMONT CARES FOR CHILDREN OF STRIKERS

New York, Feb. 12.—An innovation
in labor war troubles was tried Sat-
urday night by the distribution here
of 119 children whose parents are en-
gaged in the textile strike at Law-
rence, Mass. They were due to ar-
rive early in the afternoon, but owing
to failure to make train connections
at Boston, they were five hours late.
During that time a crowd of several
hundred Socialists stood shivering in
the Grand Central station awaiting
their coming. Red banners and a
large number of socialistic emblems
were borne by the crowd. When at
last the train arrived a band blared
forth "The Marseillaise" and mighty
cheers were given.

At Labor Temple, to which they
were taken, the children were ar-
ranged around long tables, where hot
steaming soup, rice, potatoes and
other vegetables were consumed with
enthusiasm, as the youngsters had
had nothing to eat all day except a
scanty breakfast at Lawrence and
sandwiches brought with them.

By the time the meal was over the
children were feeling happy enough
to cheer and sing "The Marseillaise."
A large mass of people packed inside
the doors, took up the words of the
revolutionary hymn and it was sung
and resung.

Among the large number of persons
who gathered to offer to take care of
the children was Mrs. O. H. P. Bel-
mont and the Rev. Percy Stickney
Grant, pastor of the Church of the
Ascension. Mrs. Belmont and the
minister were denied, however, being
told that there were more than 700
applications and only 119 children.

When the distribution of the chil-
dren began difficulties were encoun-
tered when it came to splitting up a
family. One little golden haired girl
burst into tears and cried loudly for
her "brudder." The scene convinced
the committee that it would not do to
separate families and many persons
agreed to take five and even six chil-
dren temporarily until a further dis-
tribution could be made.

Charge of Horse Theft Dismissed.
Dolph Love, who was arrested and
taken to Durant Sunday on a charge

of having stolen a horse some three
years ago, was set free yesterday af-
ter a brief preliminary examination,
and returned to Ada. It appears that
a boarder at his hotel, whom he knew
but slightly brought a horse to Du-
fant and asked him to help find a
buyer, and that Love knew nothing
whatever about it. The other man
was arrested at the time and skipped
his bond. Love was not molested un-
til now.

Pretty Mothers

Health is the foundation of all good
looks. The wise woman realizes this
and takes precautions to preserve her
health and strength through the pe-
riod of child bearing. She remains a
pretty mother by avoiding as far as
possible the suffering and dangers of
such occasions. This every woman
may do through the use of Mother's
Friend, a remedy that has been so long
in use, and accomplished so much
good, that it is in no sense an experi-
ment, but a preparation which always
produces the best results. It is for
external application and so penetrating
in its nature as to thoroughly lubricate
every muscle, nerve and tendon in-
volved during the period before baby
comes. It aids nature by expanding
the skin and tissues, relieves tender-
ness and soreness, and perfectly pre-
pares the system for natural and safe
motherhood. Mother's Friend has been
used and endorsed by thousands of
mothers, and its use will prove a com-
fort and benefit
to any woman in
need of such a
remedy. Mother's
Friend is sold at
drug stores. Write for free book for
expectant mothers, which contains
much valuable information.

ONE NEW CASE AND ONE DEATH FROM MENINGITIS

Although the usual number of ru-
mors of meningitis cases have been in
circulation today, the best informa-
tion obtainable is to the effect that
only one new case is known to have
developed since yesterday. This is
Mrs. Jones, whose little girl was
stricken yesterday. She has been re-
ported dead during the day, but there
is no foundation for the report.

Mrs. Horton is the only victim of
the disease who has died since the
last report.
